2022 – In Our 28th Year
2022 National Championship Regatta

US VMYG Racing Rules

Skipper conduct: Gentlemanly, sportsman-like behavior is required.

Governing Rules: [Current Racing Rules of Sailing \(RRS\)](#), as modified by Appendix E.

GENERAL RULES SUMMARY

Avoid Contact: A boat shall avoid contact with another boat if reasonably possible (RRS #14). Accidental nudges are not necessarily grounds for protest. Don't be a sea lawyer. However, skippers are required to comply with the RRS, especially the basic rules of the road. Do not try to squeeze in where there is no room.

Touching marks: Except for start and finish marks, touching marks on the course is allowed, as long as you round them on the proper side. We round marks to port, unless directed otherwise at the start of a regatta/race. Touching a start mark requires a 360-degree turn, which includes a tack and a jibe, without interfering with other boats. Touching a finish mark requires returning to the course side of the line, doing a 360-degree turn, and finishing correctly.

On opposite tacks: A port tack boat shall keep clear of a starboard tack boat (RRS #10).

On same tack, overlapped: A windward boat shall keep clear of a leeward boat (RRS #11).

On same tack, not overlapped: A boat clear astern shall keep clear of a boat clear ahead (RRS #12).

Passing marks; giving room, keeping clear: When boats on the same tack are overlapped at the four-length zone, the outside boat shall give the inside boat room to round the mark in a seaman-like manner (RRS #18). If there is reasonable doubt that an inside boat established an overlap in time, it shall be presumed that she did not, and she shall thereafter keep clear. If there is any doubt, err on the side of keeping clear.

You are the keep-clear boat when you are:	The other boat has the r-o-w when she is:	Applicable Rule:
Sailing on port tack	Sailing on starboard tack	RRS #10
The windward boat	The leeward boat	RSS # 1
The clear-astern boat	The clear ahead boat	RSS #12
Changing tacks	Not changing tacks	RSS #13
The outside overlapped boat at marks	The inside boat	RSS #18
Avoiding Contact: A boat shall avoid contact with another boat if reasonably		RSS #14

At the start: We will use either a one- or two-minute start sequence, depending on fleet size and wind conditions. No dip starts, which means that you must not cross the line from the course side after the mid-point of the countdown. If over the line early, you must sail around either end mark and start properly.

Penalties: Infractions of rules require a 360-degree turn as soon as possible, which includes a tack and a jibe, without interfering with others. There is no protest committee. Skippers must resolve protests on the water in a gentlemanly, sportsman-like manner.

Scoring: The low point scoring system will be used, one point awarded for 1st place, etc. "Did Not Finish" (DNF) and "Did Not Start" (DNS) shall be scored fleet plus one.

There will be one throw-out for each morning and afternoon set of races.
